Dear Larry, Seems like you didn t spend your day off week before past checking with coroner for me. But maybe you will yet? On 1/25/ 73 Nash send Bittman his check for $10,585.36 a d promised to send otheritems including "Pearl and yellow bracelet" and "A small pin with the words "Junior Bowman"." Understand my interest in her jewelry? He concluded this letter, which I have,"In addition to the above United Airlines claims to have recovered other articles belonging to Mrs. Hunt. I have arranged for our investigator, Mr. Gunther Polck, to pick them up on Thursday, January 25, 1973, and mail them to your office." I have not tried to carry this further. Dorothy was heavy on jewelry. Of the 10 itemized things, only two are not jewelry. 4. is her checkbook and 3. is "A red credit card case with various credit cards and pieces of identification." If you missed it, Cox asked Bittman to withdraw from the case because of possible conflict of interest. Bittman signed the check over to Hunt, who deposited it in the Riggs bank, I think the one in which Dorothy had her checking account. However, Hunt and Bittman did NOT claim this $10,000 when Hunt's original accounting, which did not include it, was amended. The checking account was in neither accounting. Perhaps joint? If you carry any of this further, how about carboning me? Best HW 9/8/73
